Investment Objective

The Green Path Cautious Portfolio is a passive SRI/ESG growth strategy. It is aimed at medium to long-term investors who are seeking a relatively capital investment that has a genuine prospect of capital growth.

The equity element of this portfolio will not exceed 40%.

The chosen investment funds can invest in UK and overseas equities, commercial property, fixed interest securities, natural resources, precious metals or cash. Each fund is positively filtered to meet ESG values and criteria.

The Green Path Balanced Portfolio is benchmarked against the average performance of the IA Mixed Investment 20-60% equity sector.

IMPORTANT INFORMATION

The Crossing Point Portfolio Management Service is only available to investors who use the ongoing services of a financial adviser. For information purposes only, please contact a personal financial adviser for further information.

Independent financial advisers take no responsibility for the underlying investment strategy, the investment process and the choice of funds will be based purely on Crossing Point Discretionary Fund Managers' experience within the market. By the nature of tactical trading, holdings will be regularly bought and sold, but the investment manager will not seek your permission to do this. Investment decisions will be the responsibility of the Discretionary Fund Manager.

Performance Calculation: Performance is shown inclusive of underlying fund charges but gross of Crossing Point's investment management charge. Deduction of this charge will have the result of reducing the illustrated performance. A platform charge is applicable. Please refer to your investment adviser for details. Performance is quoted on an annualised basis and calculated through FE Analytics direct and provided for illustrative purposes only and should not be viewed as the performance of a specific client account.

Past performance is not a guide to future performance. The value of investments and any income from them can fall and you may get back less than you invested. If you invest in currencies other than your own, fluctuations in currency value will mean that the value of your investment will move independently of the underlying asset.
